Meeting Summary

Capitol Campus Security

- DES Capitol Security and Visitor Services (CSVS) talked about the preparation for after election activities that DES is planning for including election certification.
- WSP mentioned an upcoming rally *Free America* happening on November 30, 2024 on campus.
- The group discussed:
 - Protestors entering the South Capitol neighborhood and how to best approach the issue from a law enforcement and property owner standpoint.
 - Tactics used by law enforcement during protests/
 - Ways homeowners might make their residences less appealing to protestors if they pass through the neighborhood.
- Olympia Police shared information about City of Olympia's voluntary [Security Camera Registry](#) to coordinate information if crime is occurring and information may have been caught on home security cameras.

Capitol Way Corridor Safety Improvements

- City of Olympia gave an overview on Capital Way Corridor Improvements, going over actions taken in the short-term and coming up in the long-term to improve safety and travelability to residents.
- The group discussed:
 - Traffic light reconfiguration and data that the city has collected so far for the project.
 - Traffic studies for construction on capitol campus and the average speed of drivers along Capitol Way.

Maintaining Neighborhood Character

- The group discussed:
 - Possible update to City of Olympia codes addressing businesses run out of homes and what the City of Olympia looks for while reviewing these cases.
 - The possibility of giving input this next year on City of Olympia code updates and what that process might look like.
 - Vacant lots and how they are setup in City of Olympia code.

Parking

- DES talked about the improvements to parking signage that were made at the request of South Capitol neighborhood when they last met in September 2024.
- The group discussed:
 - Surrounding visitor/attendee parking for the Governor's Inaugural Ball upcoming in 2025.
 - The process of obtaining parking passes from the City of Olympia.

Legislative Campus Modernization

- Overview of the projects including Newhouse and Joel Pritchard Library and their status.
- The group discussed:
 - The construction truck routes for contractors and builders during the legislative session.
 - The potential future closure of Water Street during the Joel Pritchard Library renovations.

Discussion

- Discussion surrounding the possible closure of streets during large events on capitol campus.
